Who We Are

Mission

QSV focuses its volunteering humanitarian efforts on education, micro-finance entrepreneurship, health & hygiene training, and educational endeavors to benefit the rural communities where the organization serves in classrooms and conducting workshops. Currently, QSV is in the building stages of construction of a women and girls Social Center..

Vision

When empowered women can financially support themselves and their families, they are ensured health, secured education, child protection and upward mobility in society. Infant mortality is reduced. When opportunities and resources are available, women are also better able to contribute to their own communities to combat unemployment, poverty, hunger, and violence.

- Mboro
- Dakar - Headquarters Office
- Kaolack

School Supply Distribution

Eid Fitr, Takoradi, Ghana

Opening Letter from Queen Sheba

5

Queen Sheba Village, aiding humanity, celebrated its 20-year anniversary in 2023. Hooray!!!

2023 was defined by one word that I am open to accept is Hope. Hope is a word that keeps possibilities alive and mobile provided that the electricity is enabled. Hope and resilience as a volunteering foundation has been our torch of power with hard driven teamwork.

As a volunteer run organization we are grateful that volunteerism is alive and we hope and plan to keep it as a vital resource for our doors to remain open to encourage and inspire potential partners and leaders to join our forces. We remain small but mighty and yes we believe as qualified leaders that less is more in terms of authenticity and validation. This is real experience and real talk and I stand by it word per word.

International unity, partnerships, collaborations in cultural diversity is an expansion we look forward to in more ways than one in 2024 and beyond..

As we end one chapter and approach a new one we would like to express our gratitude and grand appreciation to international volunteers, individual donors, partners and organizations and their generosity that provides spotlight and recognition that helps us to advance forward to provide programs and events for communities. This Philanthropic support improves the lives of girls, women and overall children and orphans, aiding humanity. This is community empowerment, To All of you above, with sincere regards, Thank you!

Queen Sheba Village Highlights

1. International Volunteers

Volunteerism is a key component of QSV's strategy, and we seek to align much of our volunteerism focus areas of hunger, spreading awareness of Female Genital Cutting (FGC) and health and hygiene alongside Micro - entrepreneurship . We believe that by focusing our dollars, time and talent, we can help our partnering participants make an even bigger impact in these four areas. We would like to know what volunteer skills you have available related to your interest /request in becoming a resourceful team member, as our volunteers are interested in volunteering at their highest levels of contribution. We are very interested in skills-based individuals, as they allow us to offer our participants the most competitive asset — their talent to become self independent and be able to contribute to society paying efforts learned forward.

2. Women & Girls Social Center

In the benefit for our Women & Girls the pleasant environmentally flourishing scenery was a key factor chosen in this Location for it is an inspiring upliftment in the mental senses for advancement of one's education. Where we are and what our reason for being there plays a huge influence on what we do and how we learn. A thriving environment is a powerful influence indeed for locals and tourists alike.

Our interest in building/purchasing this land can be justified by its great features and a potential reality to fulfill our dreams of working for QSV organization educating and training thus making a greater role model impact in this land of Teranga and the rest of the world.

3. Queen Sheba Agriculture Farms 4. Feeding Families

Agriculture is the science and art of cultivating plants and livestock. Agriculture is the key development in the rise of human civilization yesterday, today and forever as long as humans live on this planet. This project nourished and fed the recipients of the village attached to causes we are passionate about, aiding humanity! Let's seed the fruits and vegetables and reap the plentiful harvest. Please donate whatever you can to support Agriculture Farms during this difficult time. Thank you for your support.

Our Accomplishments

Areas of Impact

10,000

Women Entrepreneurship

*"Micro Finance , our Way" works for women. 25 + women participated in this program since 2013 with 10 entrepreneurs employ others. The estimated thousands above await to participate in this program.

Honoring Volunteers

We are grateful for the wonderful dedicated individuals who participate in humanitarian, charitable service. They devote their time and skills unconditionally at any moment's notice and freely choose the time frame and hours they would like to give back to our communities with a purpose of fulfilling the purpose we aim to obtain.

Unfortunately, Queen Sheba and family mourn the loss of a beautiful passionate soul Baadiyah Carrier who served at Queen Sheba Village from the beginning as Secretary Administrator. She is the daughter of our founder and educator. Her impact of service and commitment cannot be put into words in this report. We honor her memory in aiding humanity in the success we have accomplished in this 20th year Anniversary Report.

"We love you deeply and carry on the mission with your compassionate spirited determination intertwined in this special legacy" ~ QSV Staff Team

Baadiyah Carrier, Secretary, QSV, Inc

Honoring Volunteers

In African cultures we seek and respect the guidance of mentorship, leadership and wise counsel before all of the affairs to benefit our communities. Our elders male and female alike we honor. Beloved Al hajj Salifu served as a spiritual head in the Department of affairs at QSV Ghana. During Eid fitr Mubarak 2023, Alhaji Salifu (Alhaji Saaley) together with QSV Ghana team organized a funfair party for children at Bankyease, Takoradi-Ghana. This program was developed through the ideas of Alhaji. He loved children and always taught children how to worship Allah with sincerity and good morals.

On 25th February 2021, Through the struggles and selfless service to humanity of Alhaji, he stood on his grounds and made sure QSV Ghana was established successfully. By then he became the patron and special adviser. He together with QSV Ghana team organized a free health program. And by the will of Allah the first QSV Ghana Gamou was done through the ideas of Alhaji. He is deeply missed and highly respected, may Allah bless his soul and reward him an esteemed paradise, Amin.

Abigail DuBois, Queen Sheba , QSV, USA

QSV International celebrates 20 years of volunteer service (9 years off the grid), 11 years nonprofit labor.

We are grateful.
